

João de Macedo Borges

Porto, Portugal

 hello@jbbmb.com

 <https://jbbmb.com>

Summary

Everyone around João knew he was meant to work with technology since he was born.

After High School, he started his Bachelor's in Computer Sciences, got involved in numerous freelance projects and began experimenting with different industry roles. Over the years, he worked with insightful teams using a range of tools and technologies.

Recently, he grew special attention to detail for Quality Control and Agile Processes, fell in love with User Experience and wants to learn more about SwiftUI and Identity Access Management.

One thing to remember about him is that he can make a mean gin and tonic.

Experience

Identity and Access Management Architect

Minsait

Oct 2023 - Present

Skills: IdentityIQ

System and Network Administrator

Plásticos Bueso II

Jun 2019 - Present

From online presence, to order processing and security updates, João helps to maintain all of the IT infrastructure required to run his family's plastics injection business.

Skills: Cascading Style Sheets (CSS), JavaScript, DNS Administration

Technical Support Team Lead

BNP Paribas - Securities Services

Jan 2022 - Sep 2023 (1 year 9 months)

João was responsible for coordinating the Portuguese Production Team maintaining, first Atlassian's Jira and then, NeoLink - one of many BP2S' International SWIFT Transactional Systems. We aimed to continuously support and deliver a set of specialized banking capabilities to our customers and partners, enabling value in the form of real-time cloud services.

Skills: IdentityIQ, Java, Incident Management, Hands-on Technical Leadership, IBM Cloud, ServiceNow, SharePoint, Jira, PL/SQL, Active Directory

Quality Assurance Analyst

FOURSOURCE

Apr 2021 - Nov 2021 (8 months)

João took on the responsibility of joining this startup's first line of Quality Control. His role was to transform expected behavioral requirements into fully decomposed, materialized and testable Acceptance Criteria, that go on to be developed in Go and Angular.

Skills: Unified Modeling Language (UML), Cypress, Postman API, Software Quality, Microservices

Product Manager

FOURSOURCE

Sep 2020 - Apr 2021 (8 months)

Bridging the gap between stakeholders' expectations and team commitment, João's purpose at FOURSOURCE was quite simple: to continue delivering an engaging, tailored experience inside the largest B2B sourcing platform for apparel and textiles.

Skills: Bug Tracking, Product Management, Agile Methodologies, Scrum, Kanban, Jira

Field Representative

Câmara Municipal do Porto

Nov 2019 - Dec 2019 (2 months)

The Shop in Porto initiative tries to bring customers and traditional businesses together in the digital era. João was tasked with providing key physical materials to store owners, walking them through the online experience and also got the opportunity to beta test the iOS app.

Software Developer

CPCIT4ALL

Mar 2019 - Jun 2019 (4 months)

João's mission at this HR-focused company was to help during a critical transition to newer, web-based technologies. He was tasked with refining and re-implementing existing components, using mostly ASP.NET and pure JavaScript, to be re-used at a later stage.

Skills: C#, JavaScript, ASP.NET, .NET Framework, Full-Stack Development

Software Developer

Celfocus

Apr 2018 - Jul 2018 (4 months)

This challenge involved refactoring a Spring-based Java corporate social network into a platform that could retain acquired skills by staff and match them to a new project, given its technical requirements.

Skills: Java, Spring MVC, Full-Stack Development

Event Promoter

SLIDE IN Travel

Apr 2015 - Mar 2016 (1 year)

Fabric Worker

Plásticos Bueso II

Jun 2013 - Jul 2013 (2 months)

Education

Instituto Superior de Engenharia do Porto

Bachelor's Degree, Computer Sciences

2015 - Present

Externato Ribadouro

High School Diploma, Sciences and Technology

2012 - 2015

Licenses & Certifications

C2 Proficiency in English - University of Cambridge

Credential ID: A4565478

B2 First in English - University of Cambridge

Credential ID: 0041074156

Skills

Git • Maven • jQuery • Representational State Transfer (REST) • General Data Protection Regulation (GDPR) • macOS • Final Cut Pro • Adobe Photoshop • Public Speaking • Basic Life Support (BLS)

Honors & Awards

1st ever "Cherry Pick Porto" Staff - NEI-ISEP

Jun 2016
